

JetPower 600

JetPower 600	
Pump type	P5-70
Standard pressure stages	800/1,000/1,200/1,400/1,550/ 2,000/2,500/2,800 bar
Flow rate	265-381 l/min at 800 bar 206-297 l/min at 1,000 bar 156-255 l/min at 1,200 bar 132-190 l/min at 1,400 bar 98-141 l/min at 2,000 bar 63-91 l/min at 2,500 bar 48.5-70 l/min at 2,800 bar 48.5-70 l/min at 3,000 bar
Drive power	565 kW/6 cyl./16.2 l
with Emission level	2A
Diesel tank	900 l (optional)
Water tank	1,500 l (optional)
Dimensions basis	approx. 4,045 x 1,815 x 2,110 mm
Dimensions 20" container	approx. 6,058 x 2,438 x 2,715 mm
Dimensions 24" container	approx. 7,450 x 2,438 x 2,591 mm
Dead weight	approx. 5,250 kg

The JetPower 600 is an absolute high performance unit. This professional unit is in the right place wherever large surfaces have to be treated or cleaning tasks require a high level of power.

Highlights

- High pressure unit from the top range
- Highly variable use, suitable for almost any task
- Sufficient power reserves on a compact footprint
- Easy and userfriendly control unit with colour display (optionally readable also with insulation)
- Excellent performance weight, flexible mounting options, e.g. as a container structure or mounted on an HGK

Accessories

Multi-consumer

- MultiGunUnit

Basic tools

- Flexible lances
- Fan nozzles
- Point nozzles
- High pressure hose pipe
- Foot valve FV

Protective clothing

- Ear protection
- Gloves
- Overalls
- Helmets
- Boots

Pipe cleaning tools

- Rotating cleaning heads RWK
- Pipe cleaning nozzle fixed/rotating
- Sewer cleaning nozzles
- Lance cleaning equipment

Surface cleaning tools

- Surface cleaning devices
- Nozzle beams
- Rotating cleaning nozzles RWD

Tank cleaning tools

- Tank cleaning heads TWK

Remote control

- Remote control cable
- Radio remote control
- Foot switch
- Hand switch
- Cable drums

Special tools

- Robots
- Special tools customer-specific

URACA – the professional system provider in the field of **High Pressure**

Product range

— Units

No pump without drive. This is why URACA manufactures a vast variety of pump units. Whether mobile or stationary, with different drives and in almost all size, equipment and design. User-friendly, economical, powerful and built for professional use in industry and service.

- Diesel driven units
- Electrically driven units
- Hydraulically driven units

— Pumps

The heart of the URACA technology: Superior quality, extremely powerful high pressure positive displacement pumps, also for high-demanding continuous use.

- Process and industrial pumps
- Testing pumps
- Cleaning pumps
- Sewer cleaning pumps

— Plants and systems

Especially for cleaning applications URACA has a lot of experience and engineering competence with respect to designing and manufacturing complete systems, from simple positioning devices up to complex cleaning units.

- Tank cleaning
- Heat exchanger cleaning

— Tools

In high pressure cleaning the efficiency depends on the tool. This is why URACA manufactures a complete system of highly efficient and high quality cleaning tools for any possible application.

- Spray guns
- Tank cleaning heads
- Sewer cleaning nozzles
- Rotating nozzles
- Floor cleaners

— Accessories

Anyone working with the best pumps and pump units does not leave anything to chance when it comes to accessories. We therefore provide our customers a wide range of high pressure accessories for any application.

- Nozzles
- Remote controls
- Hoses
- Protective clothing

— Components

Only highest quality system components guarantee high performance and permanent functioning of high pressure systems. URACA with its experience therefore designs and manufactures the best high pressure components in a vast variety of designs.

- Valves
- Rotary feedthrough units
- Multi-consumer systems
- Resonators, pulsation dampers
- Lubrication, flushing and injection components
